my dear Eugenie:

Was indeed glad to receive your  
little Card of Christmas when <sup>and</sup> new year's  
wishes <sup>had</sup> to find that time (<sup>and</sup> distance) have  
no power to break the golden chain of friendship -  
This is a very pretty sentiment which I could  
wish were more fully born out by facts.

In return let me wish you the  
best of everything for 1915 <sup>and</sup> may every fortune  
but mis-fortune be yours

Your dear friend
